Long lasting trays are perfect for extreme industrial applications that standard plastic trays can't withstand. Made of extra thick, rotationally molded gray polyethylene that resists rust, corrosion and provides high impact strength.

FIBERGLASS WASH BOXES

150 lb. capacity per box

These gray composite boxes feature 1/4" dia. holes in bottom and 2 1/2" x 5/8" side slots to permit drainage and ventilation. Ideal for parts washing and storage as they withstand hot water, steam, detergents, oils, grease, degreasers, cutting oils and continuous use in temperatures up to 350°F.
