

MM14CCS Honeywell Portable Air Conditioner and Heater

(14,000 BTU Cooling, LCD Display, Single Hose, Black & Silver Color)

Product Features:

- Cooling up to 550 square feet*
- 3-in-1 functions: Cooling, Fan and Dehumidification
- Built-in Dehumidifier, remove up to 95 pints / 24 hours
- Feather-touch LCD controls
- Latest no-drip technology using an auto-evaporation system
- Environmentally friendly R410A refrigerant
- 24 hr. energy saving programmable timer

Product Description:

Quietly cool the air with the sleek Honeywell MM14CCS Portable Air Conditioner which not only cools but also dehumidifies the air. With a 14,000 BTU cooling capacity, it delivers optimal cooling to spaces up to 550 square feet*. Unlike a fixed AC, this unit requires no permanent installation and four caster wheels provide easy mobility between areas. The electronic control panel is user friendly and all the functions can be operated by the remote control. The Auto-Evaporation System allows for hours of continuous operation with no water tray to drain. This model comes with everything needed to get going including an easy-to-install window venting kit. The window vent can be removed when the unit is not in use.

The product comes with a 5 -year limited warranty. Our obligation under this warranty is to provide free parts and labor one year from purchase date, 5 years on all parts of the sealed system consisting of the compressor, evaporator, condenser and factory connected refrigerant tubing.

Product Features:

Feather-touch LCD Controls – The Honeywell MM14CCS Portable AC and Heater is built with advanced touch control LCD electronic panels and each function starts in less than 3 seconds with the touch of any Control Panel button.

Auto-Evaporation System - Honeywell MM14CCS is equipped with a patented auto evaporative system which sends the condensate moisture to the outside through the air exhaust hose, eliminating the need for a drainage tank.

Easy Installation, no professional help required - The MM14CCS offers a flexible air-conditioning solution which can be easily set up and put into operation anywhere. The only requirements are an electrical plug and an outlet for the flexible air exhaust hose.

R410A Refrigerant – The MM14CCS uses environmentally friendly Honeywell R410A refrigerant. R-410A is an ideal non-ozone depleting, long-term replacement for R-22.

Dehumidification & Fan - The MM14CCS is a multi-function air conditioner which can also work as a dehumidifier or fan. It can be set to dehumidify the air and the fan speed can be set to low, medium or high to suit your needs.

ADDITIONAL FEATURES:

- 1 to 24 hours Automatic Shutoff Timer
- Dehumidification Capacity of 95 pints / 24 hours
- Adjustable temperature from 61°F to 89°F for cooling
- Powerful Air Flow 265 CFM (7.5 CMM)
- Digital LCD Display
- Single 3.94 ft. exhaust hose
- Window Bracket Adjustable from 19.9 to 47.25 inches
- Minimum Noise level of 54 dBA

What's In the Box?

- 1 Honeywell MM14CCS Portable Air Conditioner and Heater
- Installation Accessories
- Instruction Manual
- Remote control

Specifications & Dimensions	MM14CCS
Dimensions and Capacity:	
Cabinet Depth (in.):	15.79
Cabinet Height (in.):	34.02
Cabinet Width (in.):	19.92
Weight (lbs.):	73.85
General Features:	
24 Hour Timer:	Yes
Color Family:	Black
Control Type:	Electronic
Cord Length (ft.):	3
Exhaust Hose Included:	Yes
Electronic Control Panel:	LCD
General Warranty:	Limited 1 year parts and labor for unit and additional 4 year parts for sealed system
Power Cord Included:	Yes
Remote Control:	Yes
Rolling Casters:	Yes
Room Coverage in Sq. Ft.:	550
Sleep Mode:	No
Window Vent Kit Included:	Yes
Filtration:	
Filter Type:	Washable filter
Certifications:	
ADA Compliant:	Yes
UL Listed:	Yes
Power and Performance:	
Air Discharge:	Top
Capability:	Cooling
Cooling Amperage:	10.8
Cooling BTU:	14000
Cooling Wattage:	1200
Heating Amperage:	0
Heating BTU:	0
Heating Wattage:	0
Maximum Air Flow (CFM):	265
No. of Fan Only Speeds:	3
Rated Amps (Receptacle):	10.8
Voltage:	115V-60Hz
Lowest Sound Level (Decibels):	54

*Approximate cooling areas as per BTU cooling chart available on energy star website <http://www.energystar.gov> . Cooling area with a Portable Air Conditioner depends on several factors related to room insulation, exposure to sun, exhaust space etc.
