

# Scale Removers

- **Lime Dissolver™**

- **Lime Dissolver “Plus”™**

*Lime Dissolver and Lime Dissolver “Plus” are industrial strength acid based descalers. Lime Dissolver is the stronger of the two products and is color coded so the technician can see by the change of the water color when the scale is gone. Lime Dissolver “Plus” is a general purpose descaler and will not generate fumes.*

- *Clears and cleans cooling towers, boilers, hot water coils, urinals and toilet bowls*
- *Clears and cleans ice machines and laboratory equipment (Lime Dissolver “Plus”)*
- *Dissolves lime, scale, mineral deposits and urine salts*
- *Color coded formula to know when scale is gone (Lime Dissolver)*
- *Cleans rust stains and concrete*
- *Can be used on brass, copper, steel, stainless steel, wood, glass, plastic and rubber*
- *Contains corrosion inhibitor*

**Stock No. 30-355**
