

Sophisticated & Sleek A Fan, Like No Other

**A wish, want, crave, covet mean to
have a longing for comfort.**

Jazz Fans stresses the strength of feeling comfort. An attractive fan, completely customizable in appearance that makes the desired - achievable.

A fan, like no other. A fan, designed specifically to move air with a non-disruptive, yet continually powerful flow.

10' from tip-to-tip, the Jazz Ceiling Fan was designed through evolution from a basic fan blade (with minimal coverage) to now completely revolutionary blade - designed for equal air flow from hub to tip.

Jazz FANS

From showrooms to restaurants and atriums to office spaces, the Jazz Fan's creative touch of ambiance enhances the comforts and aesthetics of each space.
