

MSS-1 MANUAL SHRINKER/STRETCHER

756018

The JET Shrinker Stretcher readily forms compound curves in sheet metal for car, motorcycle, and airplane body restoration. The quick and easy foot pedal operation frees the user's hands to manipulate the panel for maximum control and accuracy.

FEATURES

- Improved frame structure for years of use
- Stand is made of heavy gauge sheet metal for stability
- Rubber non-skid pad on foot pedal
- Foot Pedal operation leaves the operator hands free
- Mounted on mobile base provides portability and makes it easy to move around the shop
- Handy storage for additional jaws at the operations finger tips
- Forming depth and forming depth are adjustable
- Optional jaws for aluminum materials

JET RED ASSURANCE 2-YEAR WARRANTY

JET warrants every product it sells. If one of our tools needs service or repair, one of our Authorized Service Centers located throughout the United States can give you quick service. In most cases, any of these JPW Industries Authorized Service Centers can authorize warranty repair, assist you in obtaining parts, or perform routine maintenance and major repair on your JET tools. For the name of an Authorized Service Center in your area call 1-800-274-6848.
