OneShot[®] Foam
For Modern Lighting

TECHNICAL CONCEPTS

OneShot® Touch-Free Soap System

OneShot Touch-Free
Soap System with Improved
Smart Sensor Technology

- Redesigned for the latest lighting technology
- Perfect for high-traffic areas (airports, casinos, office buildings)
- Reliable sensor technology; reduced maintenance, repair and downtime
- Worry-free performance – made to withstand the most challenging, high-traffic environments

Improved Sensor Technology for Modern Lighting

Improved IR Sensing

The new OneShot Foam sensor eliminates the problem of no triggering or false triggering, no matter where the light source is located. Users can count on the dispenser to dose when it's needed and only when it's needed.

World-Class Reliability

New pump and delivery tube with every refill eliminates messes, clogs and leaks, eliminating downtime, costly repairs or replacement parts. Energy efficient cam-gear technology provides industry-leading battery life – up to 90,000 cycles or 2 years.

Healthy Hand Washing

Automatic, touch-free delivery eliminates cross contamination to help reduce the spread of germs and encourage hand washing. Disposable, hygienic refills keep soap fresh and clean providing a more sanitary system.

Luxurious Experience

Premium soap formulas that produce thick and rich lather, delivered touch-free for a luxurious hand washing experience. OneShot Foam offers a wide choice of formulations which include moisturizing soap, and dye & fragrance-free soap. All contain special skin conditioning ingredients to soothe the skin.

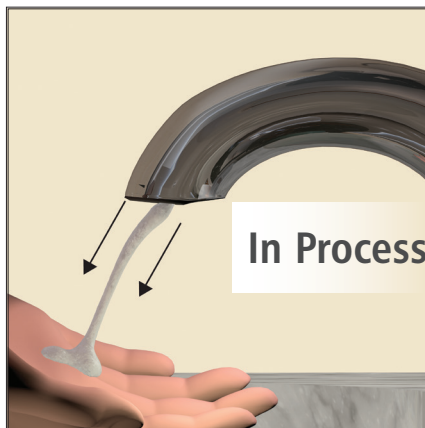

Up to **2,000**
hand washes
per refill

New Refills Designed for Reduced Drips!

Rubbermaid's OneShot Foam pumps are newly-designed to pull excess foam soap back into the refill after dispensing. The result is reduced foam soap dripping into the sink. Our refills eliminate waste and the unsightly mess that the drips leave behind.

1. Place hand for dosing.

2. Dosage is dispensed.

3. Soap is pulled back into the dispensing tube, reducing drips.

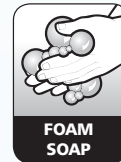

OneShot® Foam

OneShot® Touch-Free Soap System

- Redesigned for the latest lighting technology
- Perfect for high-traffic areas (airports, casinos, office buildings)
- Reliable sensor technology; no maintenance, no repair, no downtime
- Worry-free performance – made to withstand the most challenging, high-traffic environments

Enriched Foam Refills (for use with the OneShot® Foam Dispensers)

- More hand washes per refill reduce labor and soap costs (up to 2,000 hand washes per refill)
- High quality formulations enriched with moisturizers
- Free 'N Clean dye and fragrance-free soap is specially formulated for frequent hand washing and NSF E1 approved†
- Sealed refill eliminates potential for contamination
- Green Seal™* certified soap, biodegradable, and pH balanced formulas
- Helps facility earn LEED credits: Purchase of Sustainable Cleaning Products and Materials (1 Point) - IEQ Environmental Quality Credit
