

CPU Locker™

INTRODUCTION/DESCRIPTION

The CPU Locker™ helps to prevent unwanted access to the computer. The unit can be secured to the underside of desks or worksurfaces. It can also stand alone, with or without wheels, making it portable but still secure. Cable grommets in the back of the CPU Locker™ make organizing cords and wires simple, while vented side panels provide plenty of air circulation

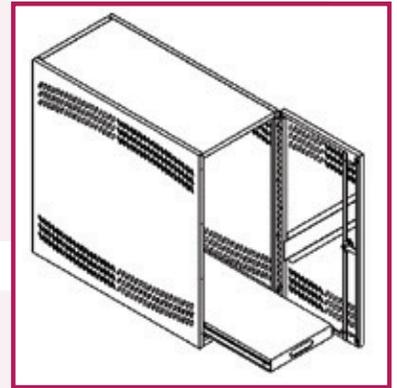

CONSTRUCTION

CPU Hangar Unit

- Manufactured from 20 gauge steel (top and bottom of unit are 18 gauge steel).
- Locking hinged door.
- Dual door lock available.
- Ventilation pattern for proper airflow and cooling.
- Pull-out shelf for easy access to CPU unit.
- Mobile units are equipped with 2" vinyl wheels, 2 locking swivel and 2 non-locking fixed.
- 100% off all painted steel products are powdercoated, the most environmentally safe coating method available today
