

CHARGING CARTS

12 TABLET WALL/DESK CHARGING BOX LLTMWV12-G

Luxor's bestselling wall/desk charging station, the LLTMWV12-G, is now even better! With a larger interior space, this charging station is compatible with both tablets Chromebooks making it the perfect choice for users who require secure storage without compromising floor space. The LLTMWV12-G is designed to allow ample space for power bricks while its removable power brick holders facilitate superior cable management. This fully assembled unit features a padded interior with rubber-coated dividers to keep devices organized and protected. For additional protection, two ventilated sides allow constant airflow to eliminate overheating when charging 12 devices simultaneously, even when the front door is closed and locked for safe keeping. Whether your charging station is best suited resting on a desktop, or mounted on a wall, keep your devices charged, stored, and secure with the LLTMWV12-G from Luxor.

- Meets ANSI/BIFMA standards
- Charges up to 12 Chromebooks or tablets (6 per shelf)
- Devices safely rest between 1" rubber coated dividers on padded surface
- Includes two keys for front door lock
- UL Certified 12-outlet vertical power strip
- Arrives fully assembled; includes drywall mounting hardware
- Ships ground in one carton
