

# Glove Sizing Chart

Instructions:

Use the below scale to find the appropriate glove size:

1. PRINT THIS DOCUMENT
2. Place your widest portion of the palm on the below.
3. The left side of your left hand should start covering the box "Glove Size Chart"
4. Your Glove size is determined by the last size covered.
  - a. For example: when your hand covers the chart below and you can still visibly see the L, XL, and 2XL, you would be considered a medium or size 8
  - b. If you use a numeric sizing, use the conversion chart below to identify appropriate size
