

Section 1 Identification.

Product name:

NOCO® NCP-2 Battery Corrosion Preventative Brush-On Compound

Product code:

CB104

Recommended Use: Brush on battery post to fight battery corrosion and prolong battery life.

Relevant identified uses of the substance or mixture and uses advised against: Not applicable.

Manufacturer: The NOCO Company, Glenwillow, OH 44139

Emergency telephone: (800) 424-9300

Information telephone: (800) 456-6626

Section 2 Hazards identification.

Health: 1 - Slight Hazard

Flammability: 1 - Slight Hazard

Reactivity: 0 - Least Hazard

Personal Protection: B - Glasses and Gloves

GHS label elements:

Precautions:

Protective gloves are recommended for long or prolonged use. Wash hands with warm soap and water after handling. Avoid contact with eyes. Do not ingest.

Section 3 Hazardous ingredients.

% by WT	CAS No.	Ingredient	PEL PPM	TLV PPM	TLV MG/M3	UEL
63	64742-62-7	Mineral Oil	None	None	5.0	N/A
17	9003-29-6	Polybutene	None	None	5.0	N/A
2	67-56-1	Methanol	260mg/m3	200		250
18	Non-Hazardous*					

*Additional elements may be present in trace amounts (<0.01%)

Section 4 First aid measures.

Emergency and first aid procedures:

- Ingestion: If swallowed do not induce vomiting. Give 2 or 3 cups milk or water to drink. Seek medical attention.
- Inhalation: If irritation of nose or throat develops, move away from source of exposure and into fresh air. If irritation persists, seek medical attention.
- Eye contact: For direct contact, flush the affected eye(s) with gentle stream of clean water for at least 15 minutes. If irritation persists, seek medical attention.
- Skin contact: Do not use gasolines, thinners, or solvents to remove products from skin. Wipe material from skin and remove contaminated clothing. Cleanse affected area(s) thoroughly by washing with mild soap and water and, if necessary, a waterless skin cleaner. If irritation or redness develops and persists, seek medical attention.

Section 5 Fire and explosion hazards.

Flash Point	LEL	UEL
475°F-COC	N/A	N/A

Extinguishing Media: Extinguish with dry chemical, CO₂. Water spray, foam, sand, or earth may cause frothing.

Special fire-fighting procedures: Wear self-contained breathing apparatus and protective clothing.

Unusual hazards: None known.

Section 6 Spill or leakage procedures.

Steps to be taken in case material is released or spilled: Wash down any excess liquid with water.

Waste disposal method: Dispose of product in accordance local, county, state and federal regulations.

Section 7 Handling and storage.

Precautions to be taken in handling and storage: Avoid contact with strong oxidizing agents. Extended Exposure to high temperatures may cause decomposition.

Other precautions: Do not consume, avoid contact with eyes, and thoroughly wash hands after handling.

Pursuant to Proposition 65: Proposition 65 applies to list of chemicals named by the Governor of California as carcinogens or reproductive toxins. Warning requirements for specific chemicals take effect one year after they are added to the Governor's list. Other chemicals already added to the Governor's list will be regulated later under Proposition 65.

Section 8 Special protection information.

Respiratory protection: None.

Protective gloves: Recommended for prolonged or repeated contact.

Eye protection: Safety glasses.

Ventilation: None.

Other protective equipment: None.

Section 9 Physical data.

Boiling Range: 550 °F

Vapor Density: Heavier than air

Specific Gravity: 930

Appearance & Odor: Red, lubricant like
and mild odor

Solubility in Water: Insoluble

Evaporation Rate: Slower than ether

Section 10 Reactivity data.

Stability: Stable.

Incompatibility: Avoid contact with strong oxidizing agents. Extended exposure to high temperatures may cause decomposition.

Hazardous decomposition products: Thermal decomposition in the presence of air may yield major amounts of oxides of carbon and minor amounts of oxides of sulfur and nitrogen.

Hazardous polymerization: Will not occur.

Section 11 Toxicological information.

Communication of physical property, health, and safety information is a key factor in our product safety program. With this information you can better fulfill your obligation to educate exposed personnel in the proper handling techniques required to maintain safety in the workplace. Listed in this section is NPCA-HMIS classification for this product.

Unusual hazards: None known.

Routes of entry: Inhalation and skin. Avoid Eye Contact. Do not ingest.

Effects of overexposure skin: Short term skin contact is not expected to cause skin irritation. Prolonged or repeated contact may cause redness, burning, and dermatitis.

Eye: This material may cause eye irritation. Direct contact may cause burning, tearing and redness.

Inhalation: This product has low volatility and so is not expected to cause respiratory tract irritation.

Ingestion: Ingestion of this material is not recommended.

Medical conditions generally aggravated by exposure:

N/A

Chemical listed as carcinogen or potential carcinogen:

N/A

Section 12 Ecological information.

There is no evidence that this would cause adverse ecological effects.

Section 13 Disposal considerations.

Waste disposal method: Dispose of product in accordance with local, county, state and federal regulations.

Section 14 Transportation information.

DOT (Domestic Surface): Non-Regulated.

IMO/IMDG (Ocean): Non-Regulated.

ICAO/IATA (Air): Non-Regulated.

Section 15 Regulatory information.

SARA Hazard: None (Not listed - Title III, Section 313)

Carcinogenicity: This product is not considered a suspected animal carcinogen by the National Toxicity Program, the International Agency for Research on Cancer, or the Occupational Safety and Health Administration.

Pursuant to proposition 65: Certain raw materials used in making this product may contain trace amounts of materials as impurities which are regulated by Proposition 65. See section X.

Section 16 Other information.

Prepared on: May 11, 2015

The above information pertains to this product as currently formulated, and is based on the information available at this time. Addition of reducers or other additives to this product may substantially alter the composition and hazards of the product. Since conditions of use are outside our control, we make no warranties, express or implied, and assume no liability in connection with any use of this information.
