

SAFCO ACTIVE

— MAKE HEALTHY HAPPEN —

Safco Product's newest innovation has been the creation of the Safco Active™ line of products. Safco Active helps to make healthy happen by challenging the assumption that sitting behind a desk all day is the only way to work. By creating new furniture solutions that help encourage the body to move and be more active, these products work together alongside the body's natural needs for a more engaged working experience.

For over 50 years, Safco Products has been spreading workspace innovation and product solutions at competitive prices. With new, on-trend products that fit into a variety of spaces such as the home, office, hospital, classroom or industrial settings, Safco Products continues to be one of the leading manufacturers in the office furniture business. Safco's array of office furniture products includes classic and traditional pieces as well as award-winning new innovations that help to create a more comfortable, active and efficient work environment.
