

# Mity-Lite Plus Portable PA System

## Maximum Portability in a Compact Design

The Mity-Lite Plus compact portable PA system weighs only 8 lbs and allows maximum portability with its small, compact design. You can carry it or set it on a tripod to use for powerful and clear sound that this system offers. It is a 40 Watt system that can reach an audience size of 500 people in a room of size of up 1500 square feet.

Features include TWO Digital 2.4GHz wireless microphone receivers, and a built-in Bluetooth module that allow a user to stream music wirelessly with a Bluetooth<sup>®</sup> enabled device. The SW320 Mity-Lite Plus comes with a wireless handheld mic, durable plastic enclosure and easy to operate controls, as well as aux IN/OUT connections for audio devices like smartphones, CD players or computers. A separate wired microphone connector with volume control is also located on the control panel.

Shown with optional S1678 Pendant Microphone. Handheld wireless mic comes standard.

The built-in rechargeable battery lasts up to 8 hours (depends on volume) on a single charge. Recharges in about 7 hours. It is also equipped with an intelligent charging system with built-in rechargeable battery that charges while in use with the AC power source.
