

Math.
Science.
History.
Lead.

In some schools,
kids are exposed to more
than their lesson plans.

At Elkay®, we want to help keep kids and drinking water safe. Our filtered ezH2O® bottle filling stations do just that by meeting the lead reduction requirements for our NSF/ANSI 53 certification. So let's put cleaner, healthier water within everyone's reach.

ELKAY ezH2O®

Elkay products feature WaterSentry® VII or Plus filtration systems utilizing NSF/ANSI 53 certified filters to reduce lead. View the certification listings for our products online at WQA.org.

FILTERED BOTTLE FILLING STATIONS

Our bottle fillers provide convenient hydration with a rapid fill of filtered water to quench thirst and minimize plastic bottle waste in the environment. Find filtered bottle fillers at www.elkay.com/ezh2o.

FILTERED COOLERS AND FOUNTAINS

Our water coolers and fountains offer waterway systems utilizing lead-free material. Find filtered coolers and fountains at www.elkay.com/drinking-solutions/water-coolers.

VANDAL-RESISTANT RETROFIT KITS

Our vandal-resistant water filter kits are great for use on existing non-filtered water coolers, fountains and bottle fillers and include:

- Vandal-resistant Box.
- WaterSentry® VII Filter.
- Filter Monitor and Alert.
- Versatile Mounting Options.

FILTRATION SOLUTIONS

WaterSentry kits and filters are great for use on existing units. They can be installed on:

- Bottle Fillers.
- Coolers and Fountains.
- Classroom Sinks.
- Classroom Bubbblers.
- Glass Fillers.
- Faucets (under the counter; cold water only).

Find filtration solutions including the vandal-resistant retrofit kits and WaterSentry filters and filter kits at www.elkay.com/accessories/drinking-solutions-accessories.
