2XL has done it again! Our newest addition to the 2XL product line is a new, all-steel, all-chrome, two-tier wipe stand with an integrated trash receptacle. Standing at 36" tall makes bending over to pull towelettes a thing of the past. The integrated trash receptacle is easy to empty and provides a convenient place to dispose of towelettes or anything else. The stand even has a self-centering guide for the trash can so everything is always in-place and looking good.

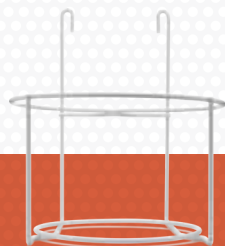

The Wicked Wire Stand employs plated chrome for durability and holds the bucket securely. This unit will not tip over - it is designed with 6 footings to provide a stable stand in a tall configuration. GymWipes shown in photo are not included and design is legally protected by 2XL.
