

Products For a Clean and Safe Environment

Product Data Sheet

Item Number: FFP6G

Item Name: Universal Single Weight Fine Fiber Pads

Absorbency: 28.1 gal./PKG

Color: Gray

Qty Per Pallet: 30

Amount	Length	Width	Height	Depth	Int. Dia.	Ext. Dia.	Weight
200 PAD/PKG	19"	15"	—	—	—	—	14.7 lbs.

Features and Benefits

- Top and bottom layers of fine fiber are built of densely-woven, small-diameter strands of fiber to increase surface area -- enabling the mat to grip the floor and secure it for safe walking
- A 3-ply construction with a layer of melt blown polypropylene ultrasonically sandwiched between two fine fiber layers makes this mat virtually indestructible to foot traffic
- A random assembly of large-diameter melt blown polypropylene fibers creates a high-loft inner layer.
