

Silhouette

Enclosed Tackboards

ghent.
a GMI company.

**“I love the full,
unobstructed
view!”**

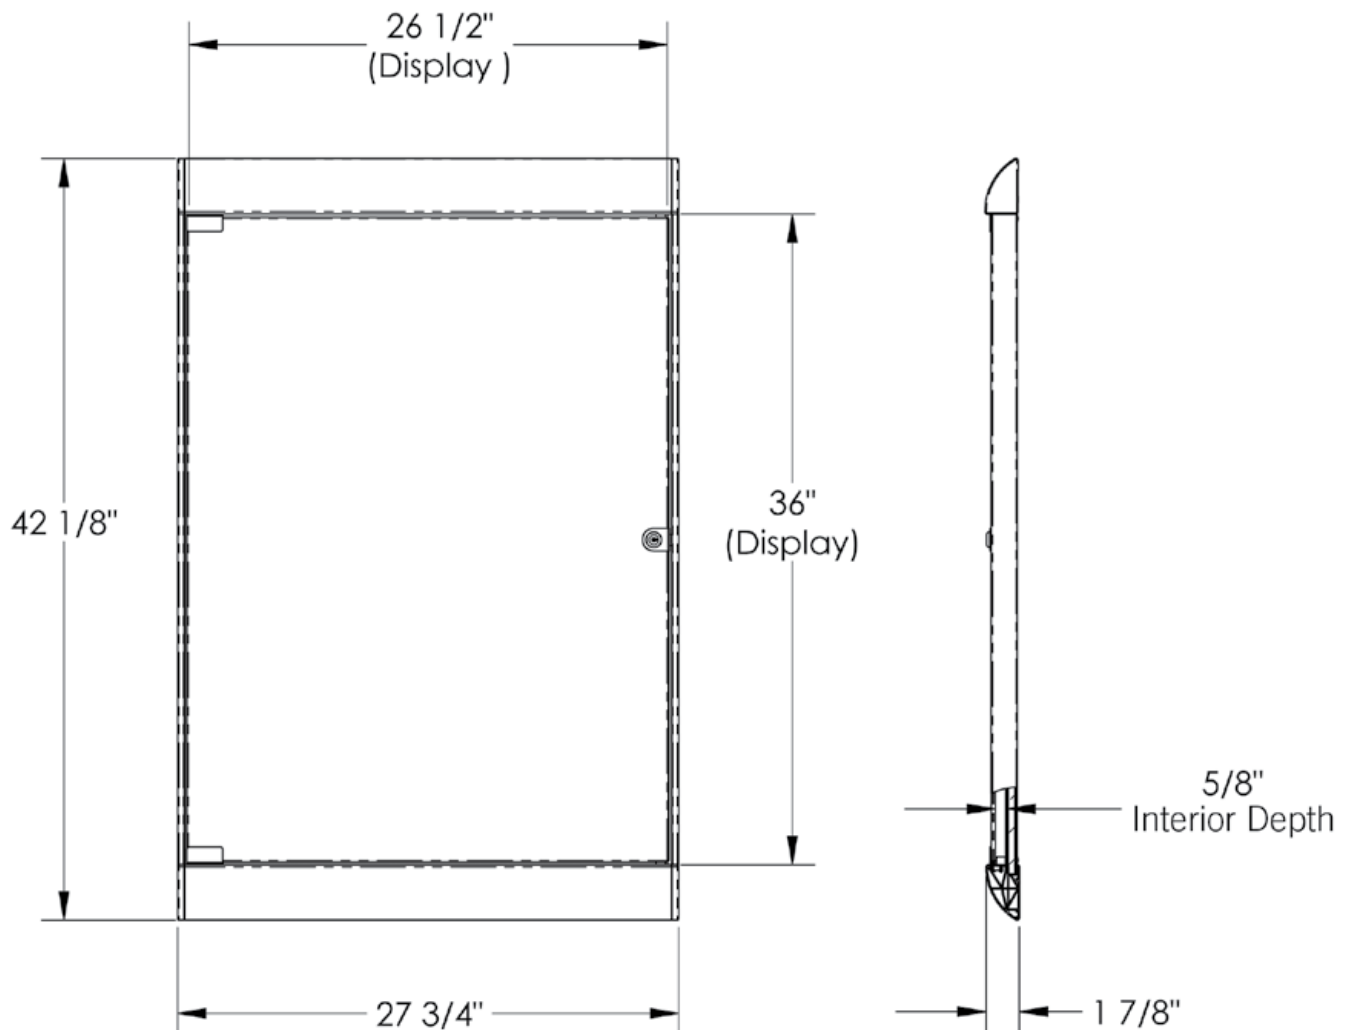

Silhouette is sleek and thin with an overall thickness of 1 $\frac{7}{8}$ " deep and features a convex framed top and bottom with minimal side frames.

Minimal Structure, Maximum Style

Silhouette provides an upscale appearance for a wall-mounted, enclosed tackboard with a sleek, contemporary look that maximizes the viewing and display area. All frames feature the durability of aluminum and now include a powder-coated style with a wood-look finish. Silhouette is the design-sensitive message center that can match a variety of interior spaces with the expanded Wood-Look options.

- **Innovation** – Silhouette’s revolutionary modular design allows for perfect viewing angles and the flexibility of no designated top or bottom – so the hinged door can open either to the left or right.
- **Strong** – the durability of aluminum extrusions and locking tempered safety glass door ensure the security of messages at all times. Built to last and backed by a 10-year warranty.
- **Configurable** – Silhouette’s modular design allows numerous units to be mounted side by side.
- **Full View** – unframed glass door and minimal sides reveal everything on display.
- **Aesthetics** – a convex-shaped top and bottom with minimal sides create a clean, modern style. The unframed glass door adds to the uncluttered appearance. Available in two styles of tackboard in a variety of colors.
