

J-4400A, 12" INDUSTRIAL DISC FINISHING MACHINE 115/230V 1PH

414602

Fine finishing requires a skilled hand. This JET Industrial Disc Finishing Machine enables you to put both metal and wood to the disc, with equally superior results. A fully machined, balanced disc eliminates vibration, and the defects that might otherwise occur. Achieve plain and compound mitering for unique finishes. Professionals take pride in their work, and that's why they turn to JET.

FEATURES

- For added safety, the J-4400A follows strict guidelines and electrical requirements to be certified by CSA Group
- Optimum speed of 1960 RPM, which is ideal for both metal and wood finishing
- Fully machined balanced disc runs vibration free
- Plain and compound miters are easily obtained by using the standard die cast aluminum miter gauge
- Large cast iron slotted table
- Easy to read scale shows exact degree of table tilt
- Miter gauge
- Heavy duty one piece steel stand

JET RED ASSURANCE 2-YEAR WARRANTY

JET warrants every product it sells. If one of our tools needs service or repair, one of our Authorized Service Centers located throughout the United States can give you quick service. In most cases, any of these JPW Industries Authorized Service Centers can authorize warranty repair, assist you in obtaining parts, or perform routine maintenance and major repair on your JET tools. For the name of an Authorized Service Center in your area call 1-800-274-6848.
