

ANTI-VIBRATION PADS (Rubber Steel Rubber Pads)

Rubber Steel Rubber pads are available in the following sizes:

| Model | Size |
|-------------|---------------------------|
| RSR-2R-0202 | 2 x 2 x 7/8 |
| RSR-2R-0303 | 3 x 3 x 7/8 |
| RSR-2R-0404 | 4 x 4 x 7/8 |
| RSR-2R-0402 | 4 x 2 x 7/8 |
| RSR-2R-0606 | 6 x 6 x 7/8 |
| RSR-2R-0808 | 8 x 8 x 7/8 |
| RSR-2R-1010 | 10 x 10 x 7/8 |
| RSR-2R-SSSS | Any size (please contact) |

FEATURES

- Maximum load: 60 lbs/ inch²; deflection: 0.21 inch
- Multi-layers ribbed rubber pads separated by a steel plate for **uniform load distribution**
- No bolting required
- Simple field installation
- Multi-layers are recommended where vibration and noise control is required

APPLICATIONS

Pumps, motors, air-conditioning units, generators, fans, chillers and cooling towers.
