ColorClip® Ingredient bins are designed for perfect storage, optimum food preservation with maximum hygiene and the strictest control of raw materials.

Ingredient bins are ideal for storing food with very low levels of humidity (dry goods, nuts, pasta, rice...) as they can be closed so the contents are protected without having to be airtight, avoiding the humidity getting in and spoiling the contents. All you have to do then is to find a suitable place to store the container, which should be a dry and well-ventilated location, away from sources of heat and moisture, isolated from very damp environments.

Can be washed in the dishwasher.

Permite el lavado en el lavavajillas.

Compliance with all European regulations on materials and objects intended to come into contact with food.

Cumplimiento de todas las normativas europeas sobre materiales y objetos destinados a entrar en contacto con alimentos.

Araven complies with all Regulations regarding Migrations: Directive 2005/79/EU, Directive 2007/19/EU, Directive 2008/39/EU and Directive 2011/10/EU.

Araven cumple con todas las Normativas de Migraciones: Directiva 2005/79/EU, Directiva 2007/19/EU, Directiva 2008/39/EU y Directiva 2011/10/EU.

INGREDIENT BINS

CONTENEDORES ACCESIBLES

GN 1/3 - 15½" x 7¾"

| Item | Cap | h |
|------|--------|-----|
| 146 | 7.3 qt | 7¾" |

GN 2/3 - 16¾" x 13¾"

| Item | Cap | h |
|------|---------|-----|
| 145 | 16.9 qt | 7¾" |

Easy access: You can access the contents of any of the stacked containers without having to unstack them - a very significant advantage to save time and keep everything tidy.

The lid remains raised in an open position without needing to hold it. It can be completely opened even with another container stacked on it and when it is on the shelf. Container height that adapts to the gap between shelves.

Translucent: The front window, integrated label and transparency of this product enable the food to be identified at a glance.

Permanent traceability label: Allows the origin of the food, its preparation date, expiry date etc. to be recorded.

Fácil accesibilidad: Se puede acceder al contenido de cualquiera de los contenedores apilados sin necesidad de desapilar, ventaja importantísima por la rapidez y mantenimiento del orden.

La tapa se queda elevada en posición de apertura sin necesidad de sujetarla permite su total apertura incluso con otro contenedor apilado y ubicada en la estantería. Altura que se adapta a la separación entre baldas.

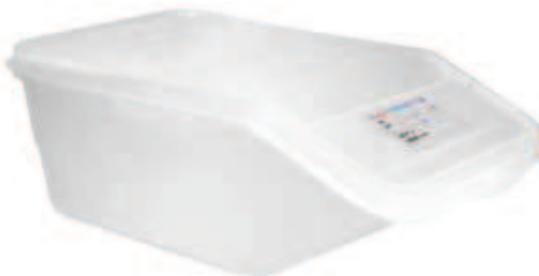

Translúcido: La ventana frontal, la etiqueta integrada y la transparencia de la pieza permiten una rápida identificación del alimento.

Etiqueta permanente de trazabilidad: Podemos registrar la procedencia del alimento, su elaboración, la fecha de conservación,...

GN 1/1 - 22¼" x 13¾"

| Item | Cap | h |
|------|--------|-----|
| 144 | 23.7qt | 7¾" |

Greater stock control.

Ingredient bins 1/1 is designed with the FIFO system (first in-first out) with a lid for filling and another for removing food. HACCP recommendation.

Facilitates correct rotation of food. Separate filling and removing in GN 1/1 to facilitate control of contents.

Mayor control de existencias.

El Contenedor Accesible GN 1/1 está diseñado con el sistema FIFO (lo primero que entra lo primero que sale) con tapa de carga y de descarga. Recomendación APPCC/HACCP.

Carga y descarga independientes en GN 1/1 para facilitar el control del contenido y una ordenada rotación de los alimentos.

FIRST IN

The first food stored...
El primer alimento que se almacena...

FIRST OUT

... is the first food consumed.
... es el primer alimento que se consume.

ColorClip: Color coding to avoid cross-contamination of food.

ColorClip: Código de color para evitar la contaminación cruzadas entre alimentos.

Side handles: Making them easier to handle and move.

Asas laterales: Para un fácil manejo y transporte.

GastroNorm: Apt for GastroNorm sizes:
GN 1/3, GN 2/3, GN 1/1

GastroNorm: Aptos para alojamientos GastroNorm:
GN 1/3, GN 2/3, GN 1/1

Rounded edges: A special design that avoids accumulation of remains and facilitates cleaning.

Cantos redondeados: Su especial diseño evita que se acumulen restos y facilita la limpieza.
