

Model BFP-9

Hose Connection Vacuum Breaker

INSTALLATION INSTRUCTIONS

1. Screw threaded female end of BFP-9 to any hose thread faucet.
2. To prevent any unauthorized removal or tampering of the device, the BFP-9 is furnished with a break-away head set screw.

APPLICATIONS

The ZURN WILKINS Model BFP-9 is to be installed on water lines where a cross-connection would result in pollution of potable water. If a health hazard could result from a cross-cross connection, use a ZURN WILKINS Model 375XL.

CAUTION

Install device only in area where discharge will not cause water damage.

Proposition 65 Warning This product contains chemicals known to the State of California to cause cancer or birth defects or other reproductive harm.

In accordance with U.S. Federal Safe Drinking Water Act Lead-Free requirements, as of January 4, 2014, this product can only be used in water systems considered non-potable. Please contact your local water utility for further requirements.
