

Universal Cleaning Chemical Dilution Dispenser

Low Flow, 1-Chemical

The Global Industrial™ Universal Cleaning Chemical Dilution Dispenser is a precision proportioner that connects to a water supply and dilutes a single concentrated cleaning chemical from any size container to a pre-determined ratio into a ready-to-use solution. A steady one gallon per minute flow rate makes filling spray bottles and small containers quick and easy.

DIRECTIONS

Please refer to user's manual for proper installation, operation and servicing of these products.

Please observe local water regulations regarding backflow prevention. Wear protective clothing, gloves and goggles when installing dispensers or handling chemicals.

GLOBAL FACTS

- Can be used with any cleaning chemical concentrate
- Compact size; smaller than most systems on the market
- Simple push button operation with twist-lock continuous filling
- ASSE 1055 approved Bright Gap backflow prevention (Air gap backflow preventer available)
- User-friendly patented dilution dial
- Repositionable water inlet; easy integration of additional units with a joining piece (#670176)
- Wall mounting template for easy installation

IN THE BOX

1	Chemical dispensing unit	6	Foot filter
2	Bottle bracket	7	Dispenser key
3	Low flow outlet tube	8	Mounting hardware
4	Clear PVC chemical suction tube	9	Drilling template
5	Ceramic weight	10	User's manual

SPECIFICATIONS

Model Number	670168
Dimensions	H 8-3/4" x W 5" x D 3-3/4"
Weight	1.5 lbs
Installation	Working temperature range: 40 – 150° F Working pressure range: 30 – 70 PSI Minimum water flow required: 3.5L/min
Dilution Settings	2:1 / 6:1 / 9:1 / 12:1 / 15:1 / 20:1 / 25:1 30:1 / 40:1 / 80:1 / 120:1 / 170:1 / 230:1
Material	Cover/Backplate: Glass Bead Polypropylene (GBPP) Proportioner Pusher: ABS Internal tubing and seals: EPDM
