

Socket Head Cap Screws, Metric, Class 12.9, Black Oxide, Manufactured in the USA

The information below lists the required dimensional, chemical and physical characteristics of the products in this purchase order. If the order received does not meet these requirements, it may result in a supplier corrective action request, which could jeopardize your status as an approved vendor. Unless otherwise specified, all referenced consensus standards must be adhered to in their entirety.

Specification Requirements:

- Dimensions: ISO 4762
- Threads: 4g6g
- Material & Mechanical: ISO 898-1 Class 12.9.
- Marking: Manufacturer ID and Class "12.9"
- Finish: Black Oxide (Thermal or Chemical)
- Material Test Reports: The MTR must have documented lot traceability, including full chemical and mechanical figures, to the specification(s) above.
