### Product Description

Protect your laptop or Chromebook™ and the private information that's on it with the Combination Laptop Lock. The push-button design offers one-handed engagement for easy attachment of the T-Bar™ to the industry-standard Kensington Security Slot™ found on most laptops. The lock has a 4-wheel number code that can be set to any of 10,000 possible combinations and is easily resettable. Our web-based Register & Retrieve program offers an easy way to keep track of your combination.

### Features

- Keyless four wheel combination lock with convenient built in reset key.
- Patented T-bar lock head for secure, tight fit with Kensington security slot.
- 1.8m long and 5.5mm thick cable.
- Simple to set combination with easy view window and comfort grip dials.
- Online registration makes it easy to store and retrieve forgotten combination codes.
