Wireless Solar Keyboard K750

Solar-Powered Wireless Keyboard

Solar-powered, 2.4 GHz wireless keyboard with a thin, comfortable design

Battery hassles are a thing of the past with the solar-powered Logitech® Wireless Keyboard K750. It charges itself whenever there's light, so you can say good-bye to batteries, power bricks and charging cables. And from the PVC-free construction to the fully recyclable box, this keyboard is designed to minimize its footprint.

Key Features

- It doesn't get more hassle-free than this. This solar-powered keyboard charges itself whenever there's light-and stays charged for at least three months in total darkness
- With sleek lines and a thin profile, this stylish, streamlined keyboard adds style to your workspace-whether you've got a laptop or desktop
- Combining the best of traditional keyboards, laptops and a Logitech-only concave key cap design, you'll enjoy faster, quieter, feel-good typing-hour after hour
- Logitech® Advanced 2.4 GHz wireless connectivity gives you the reliability of a cord plus wireless convenience and freedom-fast data transmission, virtually no delays or dropouts, and 128-bit AES encryption
- The tiny Logitech® Unifying receiver is small enough to stay in your laptop

Solar-Powered Wireless Keyboard

Logitech®

Charged by sunlight or artificial light

Light-powered

It doesn't get more hassle-free than this. The keyboard charges itself and stays charged for at least three months in total darkness-no battery changes, power bricks and charging cables needed.

Sleek, stylish

With sleek lines and a thin profile, this stylish, streamlined keyboard adds style to your workspace-whether you've got a laptop or desktop.

Feel-good typing

Combining the best of traditional keyboards, laptops and a Logitech-only concave key cap design, you'll enjoy faster, quieter, feel-good typing-hour after hour.

Logitech® Advanced 2.4 GHz wireless connectivity

You get the reliability of a cord plus wireless convenience and freedom-all while keeping your information encrypted.

Logitech® Unifying receiver

There's no need to unplug it when you move around, so there's less worry of it being lost. Plus, you can easily add compatible mice and keyboards-without the hassle of multiple USB receivers.

System Requirements

- Windows-based PC
- Windows® XP, Windows Vista® or Windows® 7
- Light source from sunlight and/or indoor lighting

Package Contents

- Keyboard
- Logitech Unifying receiver
- Wireless extender
- Cleaning cloth
