

8 WALL / DESK TABLET CHARGING STATION LLTMW8-G

Conveniently store and charge your tablets with Luxor's compact 8 Wall / Desk Charging Station. The padded interior and rubber-coated dividers provide protection while charging each device simultaneously. The steel unit does away with charging cord clutter and avoids drawing unnecessary attention to your IT equipment. Ventilated sides allow constant airflow to eliminate overheating, even when the front door is closed and locked for safe keeping. Unit arrives fully assembled and ready to organize your work area!

FEATURES:

- Convenient for smaller offices, campuses, and libraries
- Charging station can hang on the wall or sit on any flat surface
- Fits tablets between padded 1" dividers
- Discrete charging box does not draw attention to devices
- Includes two keys to securely lock door
- Arrives assembled; includes drywall mounting hardware
- Ships ground

Rubber-coated dividers for keeping organized

Traditional power strip is horizontally oriented for more efficient space usage
