

# StanZoil NK-22 382

## > Maximum comfort and chemical protection

- Extremely supple, due to the unique Mapa multi-layer process
- Embossed texture for better grip on wet objects
- Added comfort and thermal insulation, due to the cotton-knit lining

### Automotive/mechanical industry

- Engine part assembly
- Surface treatment

### Chemical industry

- Chemical product blending
- Handling drums of chemical products
- Manipulating valves

### Other industries

- Laboratory tests
- Machine maintenance

### Specific features

Two gloves in one, for better resistance: a unique process superimposing 2 materials, optimizing the chemical resistance and creating unrivalled glove flexibility

StanZoil	NK-22 382
<b>Material</b>	Neoprene
