

Improve business efficiency • Improve employee workplace safety • Improve patient care & management

Corner Narcotic Cabinet - #181765

Constructed of durable, heavy duty stainless steel and meet schedule 2 drug storage requirements. These cabinets are designed to use room space efficiently and still offer ample storage capacity with four adjustable aluminum shelves and a large cabinet interior. The ambi top of the cabinet lifts so that the unit can be flipped to accommodate left or right door access. The strong piano hinged door and double wafer locks with heavy gauge locking cams keep contents secure. Three keys are included for each of the locks. Cabinets have pre-drilled holes that are reinforced with stainless steel mounting discs for wall attachment. Units are warranted for 10 years with 1 year on the locks.

- Stainless steel single door corner cabinet with 4 shelves
- Double wafer lock security - 3 keys/lock included
- Ambi top for left/right outer door access
- Pre-drilled holes reinforced with stainless steel mounting discs
- Measures 24" H by 22.8" W by 15.6" D
