PROTEKT™ LIFT

30400-PLE | FULL BODY PATIENT LIFT

Maximum patient safety and comfort are built into this highly maneuverable workhorse. Simple to operate with a unique emergency lowering mechanism. Equipped with a six-point spreader bar to distribute weight evenly and for superior sling applications.

- Extra small lift for tight spaces.
- 400 pound capacity with manual emergency lowering.
- 6 sling hooks allow for multiple sling options and a wider range of transfers.
- Battery lasts twice as long as competing options for less downtime (24 volt).

- Ergonomically designed foot pedal base opening (no clumsy hand lever).
- Clip free sling hookups improve safety and reduce downtime.
- Full parts breakdowns and modular design on lift and electronics.
- Advanced electronics with auxiliary up/down lift controls.

SPECIFICATION FOR 30400-PLE

maximum capacity	400lb
base legs length	40"
base closed external width	26"
based open external width	37"
mast height	48"
base height	4.7"
min. lifting height	28"
max. lifting height	68"

* Specifications provided are a general guideline and are subject to change without notice

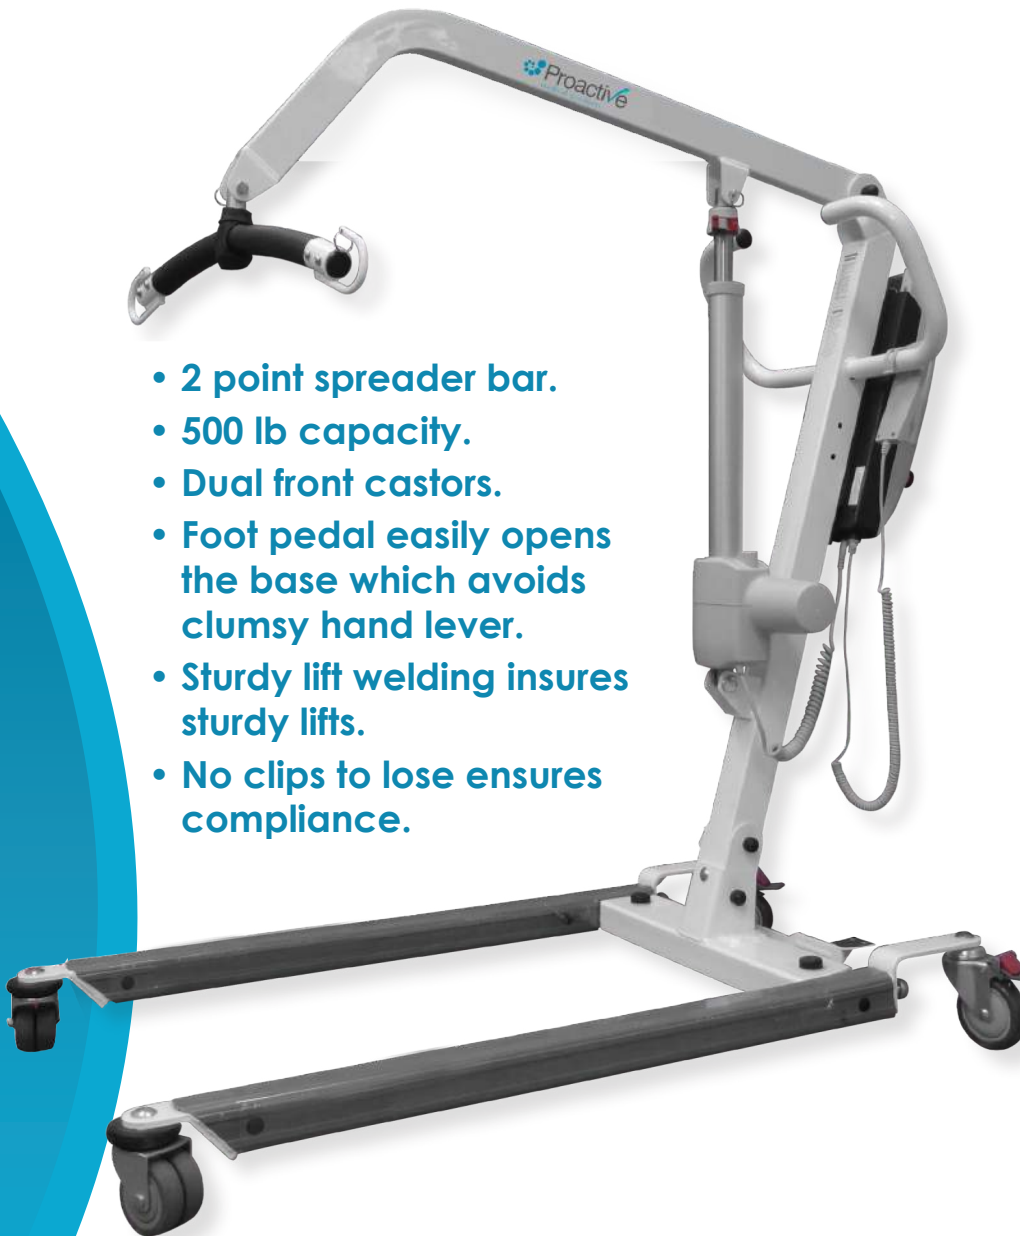

PROTEKT™ LIFT

30500-PLE | FULL BODY PATIENT LIFT

The Protekt Lift 30500-PLE with it's 4.7" base height will fit under shorter beds than patient lifts were ever able to before. Reducing the distance between bed and patient lift for a simpler safer transfer is Proactive's goal. By adapting to the changing needs in facilities Proactive continues to provide maximum safety and dependability in our patient lifts.

SPECIFICATION FOR 30500-PLE	
maximum capacity	500lb
base legs length	46.8"
base closed external width	26"
base open external width	41"
mast height	50"
base height	4.7"
min. lifting height	22.4"
max. lifting height	75.4"
distance from actuator (lowest)	23.6"
distance from actuator (middle)	28.5"
distance from actuator (highest)	9.8"

* Specifications provided are a general guideline and are subject to change without notice

- 2 point spreader bar.
- 500 lb capacity.
- Dual front castors.
- Foot pedal easily opens the base which avoids clumsy hand lever.
- Sturdy lift welding insures sturdy lifts.
- No clips to lose ensures compliance.

PROTEKT™ LIFT

30600-PLE | FULL BODY PATIENT LIFT

Designed to provide the perfect combination of patient safety, weight capacity and maneuverability. This lift is manufactured to meet the special needs of the bariatric patient population in hospitals and nursing homes. Caregivers appreciate the ease of operation and patients are reassured by the stability and overall comfort provided.

SPECIFICATION FOR 30600-PLE	
maximum capacity	600lb
spreader bar highest position	72"
spreader bar max. reach	64"
spreader bar lower position	28"
max. reach at 600mm	23"
max. reach from base	26"
reach from base with legs spread to 700mm	21"
max. height of CSP.	81"
min. height of CSP.	37"
hoist range	44"
max. external width	38"
min. internal width	21"

* Specifications provided are a general guideline and are subject to change without notice

- Bariatric lift with extra large lift frame provides outstanding integration with large patients.
- 600 pound capacity with manual emergency lowering.
- 6 sling hooks allow for multiple sling options and a wider range of transfers.
- Battery lasts twice as long as competing options for less downtime (24 volt).
- Ergonomically designed foot pedal base opening (no clumsy hand lever).
- Clip free sling hookups improve safety and reduce downtime.
- Full parts breakdowns and modular design on lift and electronics.
- Advanced electronics with auxiliary up/down lift controls.

PROTEKT™ STAND

30400-SAE | SIT-TO-STAND

The U-shaped boom with 6 point sling attachment will meet the specific needs of the patient with maximum comfortability. The Protekt Stand™ 30400-SAE has a padded comfort single piece adjustable kneepad. Another great feature is the removable footplate.

- 400 pound capacity.
- 6 sling hooks allow for multiple sling options and a wider range of transfers.
- Battery lasts twice as long as competing options for less downtime (24 volts).
- Ergonomically designed foot pedal base opening (no clumsy hand lever).
- Clip free sling hookups improve safety and reduce downtime.

SPECIFICATION FOR 30400-SAE	
maximum capacity	400lb
base legs length	40"
internal width	19"
external width	26"
expandable internal width	38"
base height	4.7"
min. lifting height	33"
max. lifting height	68"

* Specifications provided are a general guideline and are subject to change without notice

- Full parts breakdowns and modular design on lift and electronics.
- Advanced electronics with auxiliary up/down lift controls.

PROTEKT™ STAND

30500-SAE | SIT-TO-STAND

This 500lb Sit-to-stand patient lift has a higher weight capacity than most other competitors sit-to-stand lifts. With its 3" dual front casters it ensures safe and easy transfers. Our performance class actuator also includes an emergency quick release.

SPECIFICATION FOR 30500-SAE

maximum capacity	500lb
base legs length	40"
external width	26"
expandable internal width	38"
base height	4.7"
min. lifting height	33"
max. lifting height	68"
internal width	19"

- Up to 500lb weight capacity.
- Dual 3" front castors.
- Performance class actuator with quick release for faster transfers.
- Foot pedal easily opens the base which avoids clumsy hand lever.
- Sturdy lift welding insures sturdy lifts.
- No clips to lose ensures compliance.

* Specifications provided are a general guideline and are subject to change without notice

PROTEKT™ STAND

30600-SAE

The 30600-SAE has extra wide adjustable kneepads that will help meet a wider range of patient needs. To support the extra weight, the 30600-SA has a heavy duty boom to help lift and support the patient for smoother and safer transfers. The emergency quick release makes the 30600-SAE the safest lift in any situation.

- 600 pound capacity with manual emergency lowering.
- Fast speed lift motor reduces time for the transfer.
- 6 sling hooks allow for multiple sling options and a wider range of transfers.

SPECIFICATION FOR 30600-SAE	
maximum capacity	600lb
base legs length	40"
external width	26"
expandable internal width	38"
base height	4.7"
min. lifting height	35"
max. lifting height	70"
internal width	19"

* Specifications provided are a general guideline and are subject to change without notice

- Battery lasts twice as long as competing options for less downtime (24 volts).
- Ergonomically designed foot pedal base opening (no clumsy hand lever).
- Clip free sling hookups improve safety and reduce downtime.
- Full parts breakdowns and modular design on lift and electronics.
- Advanced electronics with auxiliary up/down lift controls.

PROTEKT™ MOVE

30450-STA | STANDING TRANSFER

This Protekt™ Move is your best choice for fall prevention and is also a vital part of reducing lifting injuries while at the same time promoting mobility for the patient. Offers ample weight capacity at 450 lbs. Includes an adjustable base to provide clearance around common obstacles such as recliners allowing access to patients.

- **450 lb. Capacity.**
- **Dual shin pads for extra support.**
- **Support strap available - attachment hooks for optional side support and back strap.**
- **Simple solution to compliment your electric stand assist lifters.**
- **First choice for any fall prevention program.**

SPECIFICATION FOR 30450-STA

maximum capacity	450lb
minimum base width	26.8"
open base width	37"
overall height	43.3"
minimum seat height	26.7"
seat width	20"
overall length	35.4"
shin pads	yes
optional support strap	yes
optional seat locks	yes

* Specifications provided are a general guideline and are subject to change without notice

PROTEKT™ LIFT

30400-PLH | FULL BODY PATIENT LIFT

The innovative Protekt™ Lift 30400-PLH home care lift is designed to allow manual or electric use. The hydraulic unit may be upgraded to electric anytime with an easy-to-attach electric kit. Built to last, and yet extremely affordable. Ask your local dealer about the Medicare options available for this lift.

- 6 point spreader bar.
- 400lb capacity.
- Electric option.
- Medicare options available.
- No tool required for assembly.

SPECIFICATION FOR 30400-PLH

maximum capacity	400lb
base legs length	40"
base closed external width	26"
base open external	37"
mast height	48"
base height	4.8"
min. lifting height	28"
max. lifting height	68"

* Specifications provided are a general guideline and are subject to change without notice

- Foot pedal easily opens the base which avoids clumsy hand lever.
- Sturdy lift welding insures sturdy lifts.
- No clips to lose ensures compliance.

Standard Slings

ITEM #	DESCRIPTION
30137	Standard seat/back sling - Canvas 350lb weight capacity
30138	Standard seat/back sling w/ commode opening - Canvas 350lb weight capacity
30132	Standard seat/back sling - Nylon 350lb weight capacity
30133	Standard seat/back sling w/ commode opening - Nylon 350lb weight capacity

Full Body Mesh Slings

ITEM #	DESCRIPTION
30110 <i>Medium</i>	Mesh full body medium 450lb weight capacity <i>(best fit 100lb-195lb)</i>
30111 <i>Large</i>	Mesh full body large 450lb weight capacity <i>(best fit 150lb-300lb)</i>
30118 <i>XX-Large</i>	Mesh full body XX-large bariatric 600lb weight capacity <i>(best fit 290lb-600lb)</i>

Full Body Mesh Slings W/ Commode

ITEM #	DESCRIPTION
30114 <i>Medium</i>	Mesh full body Medium 450lb w/ commode opening <i>(best fit 100lb-195lb)</i>
30115 <i>Large</i>	Mesh full body Large 450lb w/ commode opening <i>(best fit 150lb-300lb)</i>
30116 <i>X-Large</i>	Mesh full body X-Large 450lb w/ commode opening <i>(best fit 210lb-400lb)</i>
30119 <i>XX-Large</i>	Mesh full body XXL bariatric 600Lb w/ commode opening <i>(best fit 290lb-600lb)</i>

*All slings have been independently weight capacity certified by Intertek Testing Services according to ISO10535 standards.

Full Body Solid Slings

ITEM #	DESCRIPTION
30112 <i>Medium</i>	Solid fabric full body medium 450lb weight capacity <i>(best fit 100lb-195lb)</i>
30113 <i>Large</i>	Solid fabric full body large 450lb weight capacity <i>(best fit 150lb-300lb)</i>
30117 <i>X-Large</i>	Solid fabric full body extra large 450lb weight capacity <i>(best fit 210lb-400lb)</i>

Divided Leg Slings

ITEM #	DESCRIPTION
30100P <i>Petite</i>	Solid divided leg Petite 450lb <i>(best fit 140lb-200lb)</i>
30100 <i>Small</i>	Solid divided leg Small 450lb <i>(best fit 200lb-400lb)</i>
30101 <i>Medium</i>	Solid divided leg Medium 450lb <i>(best fit 200lb-450lb)</i>
30102 <i>Large</i>	Solid divided leg Large 450lb <i>(best fit 200lb-450lb)</i>

Sit to Stand / Transfer Slings

ITEM #	DESCRIPTION
30130	Sit to Stand Sling - Solid, Large 450lb weight capacity
30131	Sit to Stand Sling - Solid, X-Large 450lb weight capacity
