

BlinkerSign[®] Flashing LED Sign

The patented TAPCO innovation of enhancing traffic signs with LEDs makes roads safer, reduces accidents and saves lives! Day-Viz[®] (daylight visible) BlinkerSign[®] LED enhanced signs feature an array of incredibly bright LEDs that flash in unison, once per second, commanding the attention of drivers day and night.

- A high-visibility real-time warning
- Installs easily onto any new or existing sign post or poles
- Solar powered, no AC power required
- 24/7 and web programmable systems available
- MUTCD Compliant
- Visible up to 2 miles at night
- Flashing LEDs get noticed day and night
- Proprietary Day-Viz[™] circuitry

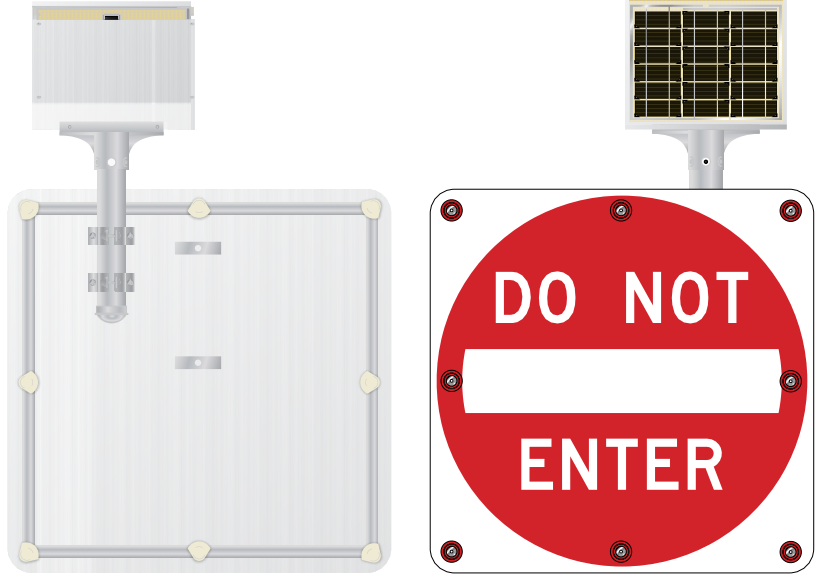

Features

- Installs easily onto any new or existing sign post
- Can be integrated into an ITS (Intelligent Transportation System)
- Day-Viz® LEDs command attention day and night
- Proprietary circuitry automatically adjusts light output for maximum visibility and battery efficiency
- Heightened driver awareness
- Increased visibility at high incident intersections

Benefits

- Reduce accidents, incidents and fatalities
- Federally approved (MUTCD compliant)
- Earth-friendly
- Heightened driver awareness
- Increased visibility at high incident intersections

Standard Specifications (subject to change without notice)

Sign

Sign Substrate .080 Highway Grade Aluminum

Reflective Sheeting 3M™ DG3- with anti-graffiti overlay

MUTCD Compliance MUTCD Section 2A.07 Compliant

Day-Viz® Management System (patent pending)

Battery Nickel Metal Hydride (NiHM)- 14,000 mAh

Flash Pattern MUTCD Compliant

LED Type High Power Luxeon- 1 watt

LED Life Expectancy 100,000 hours

Warranty

3 Years

Smart Activation Options

24/7 continuous

Time Clock (Windows-based software programmable)

Wireless control

Vehicle detection
