Cut-True Cutters

Shown with stand, included

The Formax **Cut-True 15M Manual Paper Cutter** features a hardened steel blade to easily slice through paper stacks up to 2.15" high. Its Guillotine blade and LED Laser Line combine to offer precision cutting with minimal effort. Simply load a stack of paper, up to 16.9" wide, secure with the geared clamp, and pull down on the lever arm; it's that easy.

Using the spindle-guided back gauge and calibrated scales, operators can make fine adjustments, while the Laser Line shows exactly where to cut.

In addition to accuracy, the Cut-True 15M has a range of safety features including front and rear transparent covers, blade lock, external blade depth adjustment, easy-to-use blade change safety tool, and a wooden paper push for safe alignment. This compact model also includes a rugged all-metal stand, plus feet for tabletop use.

The Cut-True 15M is ideal for transforming brochures, invitations and more, with crisp, accurate cuts.
