

Endless Possibilities...

Office Partitions & Furniture

Office Partitions Are Ideal For Creating Productive, Efficient And Cost Effective Work Environments.

Keep your team in close proximity to one another while still allowing them space to themselves with Global's Office Partition collection. Partitions allow easy formation and modification of personal workstations, facilitating focus on individual tasks without creating a feeling of isolation from other colleagues. With a wide range of widths and heights available, partition panels are an easy and cost-effective way to create private spaces within a single office room.

Panels are available in several different styles to suit any décor or budget. All panels have an MDF wood frame and a honeycomb core, with a semi-tackable fabric surface that also creates an effective noise barrier. The panel trim is finished with a self-extinguishing extruded

polymer that meets California Technical Bulletin 117 flammability standards. All panels include adjustable leveling feet for uneven surfaces. Steel connectors may be purchased separately for joining partitions to construct any configuration or combination.

Build Your Office Today!

Blue Fabric

Gray Fabric

Lightly Fluted Window Panel

Deluxe Wood Cap

Partition Panels

This basic model features a simple, unadorned partition design to mesh with any décor and fit into any budget.

Deluxe Panels

Deluxe Panels feature a cherry-finished wood accent at the top of each unit, creating an upscale look for just a slightly higher investment.

Panels With Electric

Add functionality to your partitions by choosing Electric Raceway panels, which include UL-approved modular electric components and cable openings.

Panels With Window

Maintain a more open feel in your office area with window partition panels. These models feature a clear polycarbonate window at eye level.

Full Window Panels

Translucent polycarbonate window panel partitions allow light to fully shine through, while obscuring images just enough to maintain privacy.

Whiteboard Panels

These partition panels feature a built-in magnetic marker board surface, making it easy to draw visual aids, write memos, and take messages.

Mobile Panels

Mobile Panels roll on four swivel casters for easy transport and rearrangement creating instant privacy in any environment.

Free Standing Panels

Freestanding Panels include stabilizing legs, making them ideal for smaller spaces that require only one panel.

A Furniture Line That Compliments Any Office Environment.

Transform an empty cubicle into a furnished personal workspace with Global’s collection of Office Partition Furniture. This selection of partition-friendly fixtures includes desks, shelving, cabinets and more to help create the kind of organized work environment that every employee deserves. Whether it’s for small computer terminals or a spacious meeting or interview area, Partition Furniture is available in a range of sizes to suit any cubicle.

All furniture features a minimalist, modern design to blend in with any décor or style. Furniture is built to last – desks and desk add-ons feature a laminate top and steel frame. All desk surfaces are made with a cable management hole. Accessories like file cabinets, hanging shelves and keyboard/mouse trays provide easy

access to office supplies while maintaining security as well as precise organization. Furniture is available in a variety of sizes.

Global Industrial offers FREE space planning support. If you have a layout that you would like us to quote, simply email to sales@globalindustrial.com or call 1-800-645-1232.

Global’s Office Partition Furniture brings a refined look to any professional environment.

Desks

Returns

Peninsulas

Corner Desks

File Cabinets

Hanging Shelves

Overhead Cabinets

Keyboard & Mouse Trays

Desks are modular for use on their own or as a base for a more elaborate desk surface setup. Includes built-in modesty panel. Available with Cherry or Gray surface.

Returns are smaller desk surfaces with a single leg, allowing quick connections onto full-sized desks to create angles or extensions.

Rounded corner peninsula desks provide a neat finish for protruding desk angles. Peninsulas are available in several lengths.

Corner Desks feature a 90-degree angle for spatial efficiency. Corner desks include built-in modesty panel and a rounded internal corner for safety.

Drawers are lockable and are ideal for storing files and other sensitive materials. Available in a variety of sizes and drawer quantities.

Keep office supplies, documents, and other essentials easily accessible with Hanging Shelves. Shelves come in several lengths to fit various partition panels.

Take full advantage of all available space by adding overhead cabinets to cubicle workspaces. Contents are kept secure with a locking flip-top door.

Trays provide convenient, retractable space for a mouse and keyboard, freeing up desk space while still keeping them nearby and easily accessible.

Making The Connection To Your New Office

Partition Connectors allow office partitions to be joined together safely and securely, and are available in a variety of shapes to create the exact custom workstation you have in mind. Connectors come in several different shapes to create Straight Partitions, 90-Degree Corners, Three-Way Corners and Four-Way Corners. Wall Bracket Connectors create added stability by fastening to walls, and T-Leg Sets allow partitions to become freestanding. Connectors are steel with a black finish to match any partition color.

Turn On Your New Office!

Electric Raceways allow convenient built-in power options with easy access to data cables and electrical cords. Electric Raceways are perfect for safe and organized wiring of computers, desk lamps, phones, and other office equipment in cubicles and private workstations. Electric and non-electric panels can connect together to place power directly where it is needed. Panels with Electric Raceways include double-sided power boxes, and each box can accept up to six receptacles (three per side). Raceways are available with 15 Amp or 20 Amp plugs.

Quick & Easy... 1-2-3 Assembly

*Connector kit includes 1 Extended/Corner Cable. Order additional Extended/Corner Cables as needed.

Preconfigured Stations

Take the guesswork out of your office arrangement with Preconfigured Stations. With pre-set dimensions and furniture placement, you'll know exactly what you're getting for each and every one of your workstations. Call Center Stations begin with a Starter Set, and can be expanded with as many Add-On Sets as desired.

Call Centers begin with a starter station and can be continuously expanded with add-on stations.

Preconfigured stations are available with partitions, desks, drawer pedestals and all installation hardware.

Freestanding Corner Stations

Freestanding Corner Stations allow you to section off small spaces without completely enclosing them. These partitions are perfect for copy machines, refreshment areas and more. Each station is a 90-degree corner with steel T-legs, and all installation hardware is included. Corner stations are available in a multitude of configurations and sizes, including, with windows, Whiteboard or Full Fabric models with either two or three panels.

Freestanding Corner Stations are perfect for creating small subdivisions within a larger office.

Reception Stations

Reception Stations create a perfect individual-sized workspace in lobbies and entranceways for receptionists, information centers and more. A 12"D counter perimeter provides a convenient writing surface for guests. Reception stations are partially enclosed, and are available in U-Shaped or L-Shaped configurations. The partition panels are available in Full Fabric or Partial Window models, and come in Electric or Non-Powered styles.

Reception Stations provide receptionists with working privacy while still maintaining accessibility.

Counter perimeter provides convenient writing surface for patrons.
